

FACE IT COAL IS FILTHY

FACT NUMBER 12: Sierra Club North Star Chapter, <http://www.northstar.sierraclub.org/campaigns/air/coal/factsheet.html>

“Coal is the single, largest source of mercury emissions in the nation.” America needs clean skies. Not black skies. Stop the filthy coal plants. Let government officials know. Tell them you want clean air.

LIVE LONGER. LIVE BETTER.
NO MORE FILTHY COAL PLANTS
